

The Flagstaff Group launches Access2Work

Supporting businesses to hire people with disability

Flagstaff's Access2Work project aims to develop a pathway to build the work muscle of people with disability to meet their employment goals.

Funded by the Australian Government Department of Social Services Structural Adjustment Fund, the initiative uses different tools, training and customised technologies to support people with disability to develop their skills and reach their career goals.

Funded by

Australian Government
Department of Social Services

Strengthen your workforce with diverse abilities

- Enhance your organisation's image as an inclusive, community-minded employer.
- Gain dedicated, productive employees who bring diverse perspectives.
- Meet community expectations for inclusivity and reflect the needs of customers, many of whom have disabilities.
- Build strong customer connections through personable and committed staff.
- Boost workplace morale and foster a dynamic, team-oriented environment.

Getting started with Access2Work

- 1 Gain Flagstaff's support
- 2 Access free training
- 3 Learn how to set up an inclusive and welcoming workplace
- 4 Discover accessibility tools
- 5 Learn how to job carve
- 6 Have a success plan for your new employee
- 7 Use Flagstaff's toolkit of supports to help welcome your new employee

Flagstaff is redefining the way we provide support to businesses hiring people with disability and invites you to work with us to create a workforce that embraces opportunity, accessibility, and inclusion for all.
